Type de viseur :	Interne fixe		

Ce Wards IIA est un Adox Polomat 1S, rebaptisé par le distributeur américain Montgomery Ward.

Le Polomat 1S se reconnaît à sa très large cellule. C'est un semi-automatique. On choisit une vitesse, puis on sélectionne une ouverture jusqu'à ce que l'aiguille visible dans le viseur se centre. La vitesse est affichée dans le viseur ce qui permet de ne pas perdre le sujet tout en effectuant le réglage de l'exposition.

WARDS II-A . . . With Match-Needle Exposure Control

- Extra-fast f/2.8 Schneider 45mm Lens
- Take Color Slides, Kodacolor, or B & W Shots
- Simply "Dial" Your Subject for Distance . . . Scenics, Groups, or Close-ups
- Focusing Lens Takes Portraits as Near as 3 ft.
- Built-in Coupled Electric-Eye Meter Exposure Control . . . Just Match Needle Within Viewfinder
- Bright-line Finder Shows Subject and Lens Settings
- Shutter Speeds from 1/30 up to 1/500th Sec.
- Self-timer Too, for Delayed Release of Shutter
- Fast Single-Stroke Lever Advances Film

WARDS II-A Camera . . . Fast and Easy Exposures with Electric-Eye accuracy. Just select the shutter speed to "stop" your subject (up to an action-freezing 1/500th sec.), then center the needle with finger-tip ease—Shoot! The view within your bright-line finder (see above) tells the whole story . . . Green signal says "O.K. Shoot," Yellow cautions "Be careful," Red warns "Don't shoot." You even see the exact lens f-stop you've selected. Precision German Lens assures finest pictures. Automatic depth-of-field indicator shows your range of sharp focus at any lens setting. Built-in self-timer even lets you get into your own pictures. Single-stroke lever advances film—readies camera for next exposure. No double-exposures or blanks. Accessory shoe. P-C flash fitting. West German made. With fitted Case. 67 R 437 L—Camera and Case only. Ship. wt. 3 lbs. Cash \$59.95
